## SPECIAL FEATURES OF THE POLYDISC 16

### POLYDISC 16

- Menu-guided microprocessor control with panel for programming of work processes
- Easy and uncomplicated gap adjustment with the twist and click method
- Integrated separation device
- Models for wet and dry machining processes
- Integrated compound-water metering mechanism (type wet)
- Device for regulation of the water level in the work container (type wet)
- Easily replaceable slip rings (expendable part)
- Abrasion-resistant container coating

### Technical data

	<b>POLYDISC 16</b>
Container Volume	16 l
Charge	12 l
Piece volume	3 l
Min. piece size	>0.1 mm
Speeds	30-350 1/min
Electrical connection	230 VAC/50 Hz mono
Fusing	16 A
Output	0.9 kW
Dimensions (W × D × H)	936 × 1090 × 1594 mm
Weight	165 kg
